4 This picture shows how we need to look at Earth's natural cycles: the carbon cycle, the water cycle, etc. Label the picture with the correct sentences a–d.

- a** After that, we throw them away. Instead of throwing them away, we should try to fix them.
- b** This means we can use them again, just like natural cycles.
- c** Then, we use them as much as we can until they don't work or we buy a new one.
- d** Companies need to look at Earth's natural cycles. First, we make things for everyday use.

5 Answer the survey. Then ask five classmates the questions. How green are you?

Are you green?						
Questions	Me	Class				
Do you turn off lights when you are not using them?						
Do you bring your own bags to the supermarket?						
Do you grow your own food?						
Do you walk or cycle when you can?						
Do you use plastic bottles again?						
Do you throw away a lot of food?						
Do you usually have a shower or a bath?						
Do you care about climate change?						

6 Write 200 words saying whether you agree or disagree with the sentence below.
Give reasons for your answer.

Climate change is the biggest problem in our world today.
