3b Complete these descriptions of people's jobs using the words from 3a.

- 1 The is the company CEO or founder, a manager, or team leader, who usually understands problems well, and often has strong opinions about how to solve them.
- **2** The needs to be a confident person who can lead a meeting and can tell people to stop talking when they need to.
- **3** The should be an expert in the thing you are prototyping, really understand it and know how to explain it well.
- **4** The doesn't need to be an expert, just friendly and interested in what people are saying, and ready to change their opinion.
- **5** The is usually a designer or engineer, good at focusing on the job, and explains to the other team members how to prepare.

6 The is also usually a designer or engineer, who is good at creating the things you need for your prototype.

3c Which team member and sprint job do you think you would be good at. Why?

Across

- **2** A series of pictures that show how the action in a film or an idea will take place.
- **3** You make one of these for a new product to see how well it works and what people think of it.
- 4 If you do something very fast, it's like this.

Down

- **1** Something that you have to do.
- 2 When you do a rough or unfinished drawing of something.
- **3** A series of stages or steps that lead to a certain result.

50 Work in small groups. Think about a problem in your school or college. Use the ideas below to help you. Present the problem to the group and vote for the most important one.
